MINIMUM PREMIUM \$10,000 non-qualified and \$2,000 qualified.

PREMIUM BANDING ON RATES Low Band: \$199,999 premium or less.
High Band: \$200,000 premium or greater.

MINIMUM GUARANTEED CONTRACT VALUE (MGCV) The **MGCV** equals 100% of the premiums, less any withdrawals (before any Interest Adjustment or surrender charges), accumulated at the MGCV Interest Rate less surrender charges (as calculated in the contract). The MGCV Interest Rate is based on the issue date of the contract and is guaranteed for the entire term of the contract.

PENALTY-FREE WITHDRAWALS Current year interest withdrawals available after 30 days without any surrender charges or interest adjustment by current Company practice.²

INTEREST ADJUSTMENT (AVAILABILITY MAY VARY BY STATE) The Guarantee Choice has an Interest Adjustment which is applied only during the surrender charge period to full surrenders and any partial surrender in excess of the penalty-free amount. This adjustment may decrease or increase the Surrender Value depending on the change in interest rates since the annuity purchase.

1. Under current law, annuities grow tax deferred. An annuity is not required for tax deferral in qualified plans. Annuities may be subject to taxation during the income or withdrawal phase. Neither North American, nor any agents acting on its behalf, should be viewed as providing legal, tax or investment advice.

2. Withdrawals taken prior to age 59½ may be subject to IRS penalties. Withdrawals taken during the surrender charge period above the penalty-free amount will be subject to Surrender Charges.

SURRENDER VALUE

The surrender value is the amount that is available at the time of surrender. The surrender value will never be less than the minimum requirements set forth by state laws at the time of issue where the contract is delivered in the state.

RENEWAL FEATURE

Renewal for the original guarantee period is automatic if no action is taken during the 30 days after the end of the Guarantee Period. Within this 30 day window, no surrender charges or interest adjustment applies. The annuity may also be renewed for other guarantee periods available at that time.

ANNUITY PAYOUT OPTIONS

Should your client decide to receive an income from their annuity after the surrender charge period, they will have several annuity pay-out options from which to choose. Annuity pay-out options are a benefit of deferred annuities, but annuitization is not a requirement with the Guarantee Choice.

With the exception of the Life Income options, annuity pay-out options are for a minimum of five years and a maximum of 20 years. The following options are available: **Income for a Specified Period; Life Income; Income of a Specified Amount; Joint and Survivor Income; Life Income with a Period Certain.**

DEATH BENEFIT

North American will pay out, as the Death Benefit, the Accumulation Value to your client's beneficiary upon the death of the annuitant or an owner. Their beneficiary may choose to receive the payouts in either a lump sum or a series of income payments. If joint annuitants are named, the Death Benefit will be paid on the death of the second annuitant. If joint owners are named, the Death Benefit will be paid out on the death of the first owner.

NURSING HOME CONFINEMENT WAIVER³

As an added benefit, we will increase the Penalty-Free Partial Surrender amount by 10% of the contract's Accumulation Value each year while the annuitant is confined to a qualified nursing home facility. This benefit begins after the first contract anniversary and the annuitant must be confined for a period of at least 90 consecutive days. This enhanced feature is automatically included with the annuity at no additional cost and is available for issue ages 75 and younger.

3. Availability will vary by state. If joint annuitants are named on the contract, this waiver will apply to the first annuitant that qualifies for the benefit.
